

MAMILLA PAVAN TEJA

+91-9182632191 — mamillapavanteja9182@gmail.com — LinkedIn — GitHub

Education

Chadalawada Ramanamma Engineering College

B.Tech in Electronics and Communication Engineering (CGPA: 8.2)

2023 – 2026

Andhra Pradesh

Government Polytechnic Atmakur

Diploma in Electronics and Communication Engineering (75%)

2020 – 2023

Nellore, Andhra Pradesh

Experience

Kodnest Academy

Software Development Trainee

Jan 2026 – Present

Bengaluru

- Developing programming skills using Java, Python, JavaScript, and SQL through hands-on software development practice.
- Practicing Java programming, object-oriented programming, problem solving, and database concepts.
- Working with MySQL and PostgreSQL and applying SQL and DBMS fundamentals.
- Practicing HTML, CSS, JavaScript, and REST basics as part of software development training.
- Using Git, GitHub, VS Code, Eclipse, and Jupyter Notebook for development and learning activities.

Technical Skills

Programming: Java, Python, JavaScript, SQL, PHP

Java: OOP, Classes and Objects, Inheritance, Polymorphism, Encapsulation, Exception Handling, Basic Collections

Web: HTML5, CSS3, JavaScript, REST Basics

Database: MySQL, PostgreSQL, SQL, DBMS

Concepts: OOP, SDLC, Data Structures Basics, Problem Solving

Tools: Git, GitHub, Eclipse, VS Code, Jupyter Notebook, MATLAB

Data Tools: Pandas, NumPy, Matplotlib, Power BI

Projects

Java-Based Application Development Project

Java, OOP, SQL

- Add the actual Java project developed by the candidate and describe its main functionality.
- Mention Java classes, object-oriented concepts, database connectivity, and key application features used in the project.
- Include Git/GitHub usage and testing details if applicable.

Arduino-Based Wireless Frequency Transmitter

Arduino, MATLAB, IoT

- Developed a system to measure input signal frequency using an Arduino-based setup.
- Implemented wireless transmission of measured data to a mobile device or PC using Bluetooth or Wi-Fi.
- Improved remote monitoring capability for signal analysis and data observation.

Courses & Certifications

Internet of Things – NPTEL

MATLAB Certification

Cloud Computing Certification

Cloud Computing Training – YBI Foundation

MATLAB Programming Workshop – CREC

Workshop on PCB Design – CREC

Internet of Things Training – Kodetech IT Solutions
